### COMPANY PROFILE

Australia Trade Connections is a family run business. ATC started in direct response to the lack of assistance provided to automotive and trade employees in the United Kingdom wishing to immigrate to Australia.

ATC specialise exclusively in skilled migration from the United Kingdom into Australia 'the lucky country'. We provide a one stop service for all the needs and requirements for you and your family to make the move of a lifetime.

We offer a complete employment, visa and relocation package. We represent a number of companies in the automotive and trades industries.

### We are an employment agency with a difference.

Australia Trade Connections take pride in assisting skilled workers from the United Kingdom in their move to Australia. Unlike the 'traditional' recruitment agencies, ATC provide a comprehensive one stop service including;

- Skilled recruitment
- Efficient visa application
- Legal matters
- Accommodation
- Relocation assistance
- Support and information
- Follow up on arrival

Emigrating is a big move which can be very stressful if the right information and assistance is not available. ATC will be on-call to answer any questions you may have. We will also put you in touch with some of the many families that ATC has assisted in the past and who are now enjoying their life in Australia.

**'We provide more than just a service we provide peace of mind.'**

### EMPLOYEE BENEFITS

We have a number of jobs just waiting to be filled. Our employers have been carefully selected for their great employment conditions, excellent career progression and solid family support.

The Australian Automotive and trade industries are experiencing a critical skills shortage. The demand for qualified, committed and dependable employees is far exceeding supply. For all those who have considered a change of scenery and the Australian 'lifestyle' there has been no better time than now!

### CAREER-LIFE STYLE OPPORTUNITIES

Over 90 000 skilled and business migrants are currently granted visas to come to Australia each year.

Why do they come? Well it could be the lower cost of living, maybe the easy access to work and reduced housing prices, spectacular weather, wide open parks and beaches, family atmosphere, the list is endless.

### Jobs are available in:

- Melbourne
- Adelaide
- Brisbane
- Perth

We understand this is a big move. We are committed to providing you with enough information for you to make an informed decision. It is also an exciting opportunity for you to make a lifestyle change.

We know how to make the transition easy for you and your family. We have the experience of making the same decision to move in 1990 from the UK to Australia.

This was one of the best decisions we have made and hopefully it will be the same for you.

Australia is a great family orientated country and is still very much the land of opportunities. If your are ready to take up on the opportunities come and have a chat with us at stand 10.

### Experience the lifestyle.
